

# Ultra Shield Safety Pod

## Fabric Specifications:

Base Fabric: High tenacity polyester – 1100dtex yarn

Coating: Flexible plasticized PVC applied to both sides

Tensile Strength: N/50mmWarp2500  
N/50mmWeft2360

Tear Strength: NWarp270Weft270

Special Properties: Fire behaviour M2(NFP92507) B1(DIN4102)

## Fabric Care:

Use a vacuum cleaner or soft brush to remove dust and solid particles

If soap based cleaners are used, all soap residues must be rinsed from the fabric.

Always try cleaning products on a hidden piece of fabric to test suitability.

Wipe frequently with a damp cloth to maintain the appearance of the fabric.

Remove all stains immediately before they set. Do not use marker pens on the back of the fabric.

All spillages should be removed immediately with a clean absorbent cloth.

Do not use solvents, chemical agents, waxes or polishes as this will damage the surface of the fabric.

Poorly fixed clothing dyes, e.g. Denim, will cause permanent staining.

Most stains can be removed using cold/warm water and a clean microfibre cloth.

Can be cleaned with mild Hypochlorite solutions (up to 10,000 ppm of available chlorine - including Haz Tabs and Chlor-Clean) or Mineral Spirit for infection control purposes.

Stains from products containing oil and grease should be treated with a spirit based solution.

Can be steam cleaned in situ.
